Exeter  
EX2 7LB

30 October 2017

Dear Sir/Madam,

**A38 Glynn Valley routine maintenance overnight closures  
13 to 17 November 2017**

Highways England operates, maintains and improves England's motorways and major A roads. I am writing to let you know that we will shortly be carrying out routine maintenance work on the A38 between Turfdown Cross and Twelwwoods roundabout at the junction with the A390 at Dobwalls. A map detailing the location is included within this letter.

**The works**

Routine maintenance of this stretch of road is carried out twice a year. We will clear verges and drains to prevent flooding, clean signs to ensure good visibility, trim vegetation and refresh road markings where needed. This will ensure the road remains safe for motorists throughout the coming winter season. We will also invite adjacent landowners to make use of the closure to cut back overhanging vegetation.

**When**

**Start date:** Monday 13 November 2017

**End date:** Friday 17 November 2017

**Hours of work:** 8.30pm to 6am, overnight Monday to Friday inclusive.

**Traffic Management**

**Access for residents will be maintained at all times, as follows:**

Turfdown to Bodmin Parkway station – please access from Turfdown roundabout.

White Lodge – please access from Mount junction, North lane and/or the St Neot junction by the Halfway House pub.

Trago Mills employees and properties between Lower Lodge and Doublebois – please access the A38 to the east via the B3360 and the A390.

Dobwalls (Twelvewoods roundabout) and Doublebois – please access via Doublebois crossroads.

Halfway House pub – access will be maintained via North Lane and will be signed from the A390. Drift Lane will be signed to dissuade motorists from cutting through to the A38.

**Through traffic will be diverted as follows:**

All light vehicles travelling both eastbound and westbound will be diverted via Lostwithiel (see red route on map).

All HGV's travelling westbound will also be diverted via Lostwithiel (see red route on map)

All HGV's over 20 tonnes travelling eastbound will be diverted via the A30 to Treburseye and then onto the A390 to rejoin the A38 at Carkeel roundabout.

Please note that whilst we always aim to work to the programme, **unforeseen circumstances may mean slight changes to it**. We will always aim to notify you of any major changes within the programme but please monitor [www.trafficengland.com](http://www.trafficengland.com) to keep up to date.

We would like to apologise in advance for any inconvenience these works may cause you. We will make every effort to ensure the impact on the local community and travelling public is kept to an absolute minimum.

If you have any queries or comments about the work, or would like further information please contact Highways England Customer Contact Centre on **0300 123 5000** or by email: **info@highwaysengland.co.uk**

Yours faithfully,

Andrea McAllister  
Stakeholder Manager  
Highways England
